

The FAA Safety Team presents:

# **What Every Pilot Should Know About Portable Navigation Devices!**

Many airmen fail to realize the dangers that portable electronic devices can bring to the flight deck. Learn the science behind electromagnetic interference and which instruments installed in the aircraft are affected. Featured speaker Frank Gozzo of Flightgest will share the precautions you should take and the procedures to follow when using these portable electronic devices on your cross country trips. Enjoy FREE pizza and refreshments courtesy of Landmark Aviation!

**Directions:** Lower level of General Aviation Terminal next to Landmark Aviation. 4 Hour free parking in adjacent GA parking area. Please retain your parking pass for free parking.

**A message from the National FAASafety Team Manager**

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
